First and Foremost: We hold to the mid-20th century ideal that the purpose of business is to provide a Service for which one receives a *reasonable* profit. The operative words being “service” and “reasonable”. We do not hold with the 21st century madness of all the profit that can be squeezed from the customer, any way you can squeeze it.

Satisfaction and Service are our Primary Goal.  
Quality of product and the most for your money is our mission.

Prices may vary from those printed on any price sheet.  
They may vary higher, they may vary lower. At our discretion, we might even offer services free for especially worthy endeavors.

Some services have a \$3 minimum fee, while payment by card needs a \$5 minimum charge. (Cards charge us an extra fee.) At our discretion we might waive the minimum.

Purchases may be returned for any reason at all (except damage by the customer) within 5 business days, for upgrade or substitution within 10 business days (for cost of difference in price), and for defect at any time within the warranty period (which depends on the item purchased).

We donate Time, Talent and Treasury to the community and activities that support the community. If you have an event in service to the community that could benefit from our help, let us know! (No promises, but we won't bite you for asking! Honest!!)

Need help with purchases? We can do lay-away and in sometimes negotiate a price.
